

## PROJECT DETAILS:

Contributing to the growth of a family legacy offered Gillis Gilkerson a unique and rewarding opportunity. Crystal Beach Hotel is a 54,000 square foot hotel located where the Riviera Motel once stood until it was demolished in December 2015. The hotel accommodates 63 guest rooms on four floors and includes a conference room, outdoor pool, restaurant, and bar. The project was done for a returning client, for whom, Gillis Gilkerson previously built the original Crystal Beach Hotel on 25th street & the Boardwalk, The Haven Hotel on 1st Street & the Boardwalk and Haven Suites on 1st Street & Baltimore Ave in Ocean City.

*“They stayed on track, built the hotel on time, on budget and delivered a great hotel product. From the concrete and painting to the punch out man, we were very happy with the professionalism and quality of all of the sub-contractors Gillis Gilkerson brought on board to make it happen.”*
